**PETE CURCIO JOINS EBARA PUMPS AMERICAS CORPORATION AS
DIRECTOR OF ENGINEERING**

ROCK HILL, SOUTH CAROLINA - January 13, 2020 - EBARA Pumps Americas Corporation (EPAC) welcomes Pete Curcio as Director of Engineering, Standard Pump Division.

A strong engineering background defines Pete's work history and education, combining high levels of expertise and practical application knowledge. Pete comes to us from his most recent leadership role at Sulzer Pump Solutions. Over the course of his career, Pete has managed all engineering disciplines ranging from field service support to R&D. Pete will have responsibility for all product related engineering functions and will be tasked with start-up of the new, EPAC R&D Department.
