CENTRIFUGAL PUMPS

Model 3U

Features:

- Close coupled design - saves space; simplifies maintenance and installation.
- Stainless steel liquid end components - high quality; corrosion resistance, NPT threaded connections.
- Versatile mounting- can be installed horizontally or vertically.
- Back pull out construction- allows for assembly and overhaul of the impeller and seal without distorting suction and discharge connections.
- Top centerline discharge and foot support under casing - ensures self-venting and reduces misalignment from pipe loads.
- High operating efficiency - lowers operating costs.
- High quality mechanical shaft seals and o-rings - available for standard pumping requirements or optional high temperature and chemical duty operation.
- Available as a complete pump or as a kit.

Specifications:

- Suction Size: 2" to 3"
