**For Immediate Release**

**EBARA PUMPS AMERICAS CORP. HIRES MR.  
BRAHIM ARNAOUT AS VICE PRESIDENT OF  
STANDARD PUMP DIVISION**

ROCK HILL, SOUTH CAROLINA – January 4, 2022– EBARA Pumps Americas Corp., a leading provider of water and wastewater pumps, pump products and services, is pleased to announce Mr. Brahim Arnaout as Vice President, USA, Standard Pump Division.

An experienced pump and semiconductor equipment professional as well as business leader with a strong technical background, Brahim joined EBARA in 1990 and has worked for 30 years as the President of the Component Division, EBARA Technologies Inc, in CA USA, Regional Marketing Director - Middle East & India, and Managing Director of EBARA Pumps Saudi as well as EBARA Pumps Dubai.

“I am very pleased Brahim has joined our management,” said Osamu Fusaka, President, EBARA Pumps Americas Corp,. “With his extensive background and knowledge of the pump industry as well as managerial experiences in EBARA Group Companies, Brahim will take executive responsibility to deliver better products and services to our distributors and customers than yesterday.”

**About EBARA**

EBARA Pumps Americas Corp. is an American subsidiary of EBARA Corporation, Japan. Representing the North American portion of the global pump and fluid machinery manufacturer.

EBARA Pumps Americas Corporation ([www.pumpsebara.com](http://www.pumpsebara.com)) provides engineered pump, pump products and related services for the water, wastewater, sewage, commercial, industrial and municipal industries offering reliable product knowledge, application expertise and responsive support including aftermarket replacement parts services. EBARA Pumps Americas Corp. maintains inventory that allows it to assemble, test, and ship pump units and offer a 24-hour quick-ship program for stainless steel stock pumps and parts and 3 to 5 day shipments on cast iron submersible pumps up to 60 HP. Recognizing the continued strain on water and wastewater facilities and infrastructures with increased maintenance, energy, and environmental demands and costs, EBARA strives to deploy the best water, wastewater pumps, pump products, and technologies to meet these requirements.
